Hilda Panigoniag - Community Liaison Officer

1. Presented by Robert Emerson, PSPS Project number: R.106193.001 by Environmental Services and Contaminated Sites Management the objectives were, review of existing information/reports for the site, under the existing conditions as set forth from multiple permitting bodies in order to carry out fieldwork at the site, from transportation to site activities. All field crew are to read Code of conduct and other conditions as stipulated in the various permits. The following permitting requirements are being addressed by CWS and will require input/coordination from the consultant as described (see attachment)

The Nivvialik ACMC wants to recommend to Kivalliq Inuit Association to help with clean up inside the Inuit Owned Land in the McConnell River (Kuugaarjuk) Migratory Bird Sanctuary.

2. The Nivvialik ACMC reviewed the 2019-2020 budget and the work plan, presented by Nute Arnauyumayuq. The budget amounts to \$50,877.50, the budget is high this term because in the in the IIBA 3.2.15 all ACMC's meeting shall occur once within the term of the IIBA for a training session to exchange information, learn from each other and, to the extent possible, coordinate their work.
- The workplan for the near future is to fill the member two vacant positions to be appointed by the Environment and Climate Change Canada Minister also, one appointed by the Kivalliq Inuit Association.
  - Review and approve the draft management plan.
  - Consult with stakeholders on the draft management plan

The budget and the workplan for the near future was carried and approved anonymously

3. The Nivvialik ACMC block the week of November 18 to have their face-to-face meeting in the Arviat.

4. Meeting adjourn at 4:25 pm
